

Sport Achievements

Swimming

Gary-Paige Matthys managed to achieve a gold medal and five silver medals for his various races at the level 3 swimming competition in Port Elizabeth. Currently he is the fastest butterfly swimmer in his age group in South Africa and has now qualified to attend the Senior National Swimming Competition to be held in Durban in 2016.

He participated in the National Texas Open Gala (1 Aug). He caused rather a sensation and upset for more than a few swimmers and parents by taking 4 GOLD medals in the events that he entered. And then just to rub salt into a few more wounds the relay team that he was swimming for walked off with a further 2 GOLD medals!!!
